/100

CRITICAL THREAT DETECTED

|                      |                                                                                               |
|----------------------|-----------------------------------------------------------------------------------------------|
| Report ID:           | fcf8b239-371e-4946-94c4-ade6b668d32c                                                          |
| Timestamp:           | 2026-06-18T12:55:44.621853                                                                    |
| Scan Type:           | EMAIL                                                                                         |
| Target:              | From: urgent-verify@microsoft.net<br>Subject: URGENT: Verify your account now<br><br>Click... |
| Confidence Interval: | 95% CI: [0.9, 1.0]                                                                            |

## Threat Intelligence Summary

### ***MITRE ATT&CK Mapping***

T1566.001 - Phishing: Spearphishing Attachment  
T1566.002 - Phishing: Spearphishing Link  
T1598.002 - Phishing for Information  
T1649 - Steal Crypto Wallet

### ***Indicators of Compromise (IOCs)***

| Type      | Value                                  | Risk |
|-----------|----------------------------------------|------|
| Indicator | SPF failed or not configured           | High |
| Indicator | DKIM failed or not configured          | High |
| Indicator | DMARC failed or not configured         | High |
| Indicator | Return-Path does not match From domain | High |
| Indicator | High urgency keyword density (23.08%)  | High |

### ***Statistical Confidence***

| Metric                 | Value |
|------------------------|-------|
| Final Risk Score       | 100   |
| Confidence Lower Bound | 0.9   |
| Confidence Upper Bound | 1.0   |
| Calibrated Probability | 0     |

## Technical Forensics

### ***Risk Adjustment Factors***

| Factor              | Applied | Points |
|---------------------|---------|--------|
| Domain Age Penalty  | No      | 0      |
| SSL Invalid Penalty | No      | 0      |

## Visual Evidence

### ***Landing Page Screenshot***

No screenshot captured for this scan.

### ***Visual Brand Analysis***

No visual brand matches detected.

# AI Model Analysis

## Model Contribution Analysis

| Model           | Raw Score | Weight | Contribution |
|-----------------|-----------|--------|--------------|
| Url Analyzer    | None      | 30%    | 0            |
| Email Forensics | 100       | 35%    | 0            |
| Visual Detector | None      | 35%    | 0            |

## Model Consensus

Agreement Level: Unknown  
Models Contributing: 0

## Reproducibility Metadata

PhishPulse Version: 2.0.0  
Scan ID: fcf8b239-371e-4946-94c4-ade6b668d32c  
Timestamp: 2026-06-18T12:55:44.621853

## Remediation & Compliance

### ***Immediate Actions Required***

- BLOCK DOMAIN IMMEDIATELY
- Isolate any affected endpoints
- Reset credentials if potentially compromised
- Initiate incident response procedure
- Submit to PhishTank and other threat feeds
- Notify affected users immediately
- Preserve logs for forensic analysis

### ***Threat Intelligence Submission Targets***

- PhishTank - <https://www.phishtank.com/>
- Google Safe Browsing - <https://safebrowsing.google.com/>
- Abuse.ch - <https://abuse.ch/>
- VirusTotal - <https://www.virustotal.com/>

### ***Regulatory Compliance Mapping***

| Regulation | Relevant Article  | Requirement                          |
|------------|-------------------|--------------------------------------|
| GDPR       | Article 33        | Breach notification within 72 hours  |
| PCI-DSS    | Requirement 12.10 | Incident response plan               |
| NIST CSF   | RS.AN-1           | Notifications from detection systems |
